

TRUSTBIX

TSX.V:TBIX OTCQB:TBIXF

The TrustBIX mission is to create a world where we:
Trust More – Waste Less – Reward Sustainable Behaviour

We are happy to inform our shareholders and stakeholders that TrustBIX has retained an international Swiss Financier, Mr. Marc Deschenaux, to consult TrustBIX in respect of our financial and corporate strategies. (marc.deschenaux.com and www.linkedin.com/in/marcdeschenaux) Together, we have identified several major opportunities to improve TrustBIX.

While Mr. Deschenaux works on these opportunities, we will continue pushing forward to generating revenue in our target markets. As per our press release disseminated on January 31, 2023, TrustBIX is currently raising up to \$500,000 by way of a Private Placement Offering priced at \$0.035 per share. Last Friday, February 10, 2023, we announced the completion of \$250,000 as our initial tranche. Depending on your circumstances, this may be a time to cost average your prior investment.

Thank you in advance for your consideration of this investment into our current Private Placement. Please feel free to contact us to discuss further and to answer any questions you may have.

Sincerely,

Hubert Lau
